

Introduction to Coding and Robotics with Dash

Just \$199, includes DASH robot to take home!

This extended professional development opportunity is focused for upper elementary/middle school, but can be used at any level as an introduction to coding, robotics or an expansion of existing instruction such as Code.org, Scratch, and MakeyMakey.

PD Bundle includes:

- ▶ 15 contact hour certificate
- ▶ PLUS – a Dash robot from Wonder Workshop to take home
- ▶ Wonder Workshop’s Dash Robotics Level 1 Certification from NWOET upon satisfactory completion of online course and course reflection

Note: Professional development bundle from Wonder Workshop normally lists online for \$450.00

Face-to-Face training: Tuesday, November 6 at NWOET, 9 am - 3 pm

Online class: 10-12 hr. self-paced (to be completed by January 29)

1 sem. hr. graduate credit option + DASH robot PD Bundle – total cost: \$399
