

NWOET NEWS Covid 19 Special Edition

Northwest Ohio Educational Technology **Bowling Green**

Early September 2020

Go to nwoet.org/covid19 for current schedule.

WBGU-PBS Adds Two New Educational Shows!

Two exciting new shows have been added to WBGU's weekday program lineup – CampTV and Curious Crew! CampTV is a day camp experience for children ages 5 to 10 that happens virtually in your living room or classroom! An enthusiastic head counselor guides “campers” as they learn through play using exciting content from zoos, libraries and more! CampTV airs on WBGU's main channel (27.1) on Mondays and Fridays at 1 p.m. from August 17 through October 16, with a special Labor Day marathon on September 7. CampTV can also be viewed anytime online at <https://www.pbs.org/show/camp-tv/episodes/>

WBGU's other new television program, Curious Crew, features Dr. Rob Stephenson and a cast of inquisitive kids who take a hands-on approach to investigating principles of science, technology, engineering and math (STEM). Curious Crew is appropriate for upper elementary to middle school students and can be viewed on WBGU's main channel (27.1) at 1 p.m. on Tuesdays, Wednesday and Thursdays. Episodes and teachers' guides can be viewed at any time online at <https://www.wkar.org/programs/curious-crew>. For a complete schedule of WBGU's educational TV programs for children PreK-12, along with related lesson plans and activities, visit <https://www.wbgu.org/learnathome/>.

KnowIT NOW with “NWOET Tech Time”
